

August 5, 2018

Dear boys,

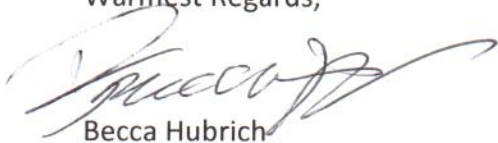

My name is Becca. I own a personal training business called Inspire Fitness & Performance and every year I try to reach out to my local community and do something kind. This year, I wanted to do something kind for youth sports - and I chose to sponsor your team and host a fundraiser 5K event, helping raise money for your sports program.

I know several of you are wondering why a complete stranger would raise money for a group of kids I don't know. And that is the very reason why I did. I wanted you to know that there are people who care about you, even though you have never met. The world is full of them. I know you had other engagements during the morning of our event, but I wish you could have seen how many people came to our 5K. In a short 45 days, we managed to gather approximately 60 participants on a holiday morning. Many more would have attended if they could - and they offered what they could to lend support. Each person who participated in our event did this for *you*. Each participant wanted to donate to a worthy cause and bring hope to those who needed it. From this event, I hope I was able to inspire just that...Hope.

Please accept our donation and know that the world is full of people who care. We wish you the very best of luck during this season and to each of your futures.

Keep hoping!

Warmest Regards,

Becca Hubrich
