

# East High Math Summer Review

Students enrolled in Secondary Math I, II, and III classes for the 2017-2018 school year at East High are encouraged to complete a summer math review program. The purpose of this program is to prepare students for next year's math classes and review important fundamental math concepts. The summer review is posted on the web site DELTA MATH. To access, students should log onto [www.deltamath.com](http://www.deltamath.com) and create an account (if you already have an account just add the teacher codes listed below). Students should choose the class that they will be enrolled in next year (2017-2018).

If you are new to Delta Math, click the "Create New Account" link. Enter the teacher code for your grade.

## Teacher Codes

Sec I Students: 617776

Sec II Students: 286509

Sec III Students: 119599

Make sure to choose the class that you will be enrolled in next year: Regular or Honors.
