PAYING FOR COLLEGE
It's possible.

College Guide
WHY COLLEGE

WHAT DOES “COLLEGE” MEAN?

It’s up to you. College means anything from a one-year certificate to a four-year degree and beyond. It can mean an associate degree in Nursing, a bachelor’s degree in Business, or a certificate in Diesel Mechanics. No matter what higher education looks like to you, it can lead to success in the form of better pay, less unemployment, higher quality of life, and most of all — opportunity.

STEP UP – IT’S WORTH IT

College is more than training for a career. It’s about discovering yourself and learning to think critically and live independently.

• On average, educated people live longer and enjoy healthier lives.
• People with higher levels of education tend to get jobs with better pay, better health care, and better retirement benefits.
• Graduating college will give you more career and life opportunities.
• Evidence shows that a college education increases your sense of life satisfaction and overall happiness.

COLLEGE IS FOR EVERYONE

You ARE college material. Put aside any doubts you may have, and start believing in yourself. Even if you don’t have the best grades, you can still attend college and graduate. Remember, different colleges have different admissions standards. There is a college in Utah that is right for you.

“I went from being unemployed with no job skills to working in the healthcare field in only nine months thanks to the talented instructors at TATC.” – Wanda, UCAT

“The opportunity to learn and grow in a safe environment has been incredibly beneficial. I have been challenged continually to expand my mind and better understand the world and people around me. Not only have I been able to gain knowledge specific to the field of social work, but I have also developed skills that are transferable into any career and that have made me a better person.” – Andrea, USU

Cover photo courtesy of WSU
Recommendation 1 – Each year in high school (grades 9-12), you should take the most rigorous mathematics course for which you qualify.

Recommendation 2 – You should successfully complete Secondary Math I, II and III, or Secondary Math Honors I, II and III.  

Recommendation 3 – If you intend to pursue an associate (AA/AS) or bachelor’s degree, you should complete one or more mathematics courses from the following list (BEYOND Secondary Math I, II and III).  

NOTE: Students interested in science, technology, engineering or math (STEM) or other math-intensive careers should take one or more of the following classes identified with an asterisk prior to high school graduation.

• HS Calculus* or AP Calculus* or IB Math*
• HS Precalculus†
• AP Statistics
• Any other course equivalent to one satisfying a Utah System of Higher Education General Education Quantitative Literacy requirement including: Math 1030, 1040, 1050 or any Math course with Math 1050 as a prerequisite

† HS Precalculus covers the content of Math 1050, Math 1060, and some statistics.  
Course recommendations approved by the Utah State Board of Regents on March 28, 2014.
TAKE THE RIGHT COURSES IN GRADES 9 – 12

IF YOU TAKE THESE COURSES, YOU ARE MORE LIKELY TO BE READY FOR COLLEGE AND GRADUATE ON TIME.

4 CREDITS
of English

4 CREDITS
of mathematics taken in a progressive manner
(At minimum Secondary Math I, II, and III or Secondary Math Honors I, II, and III, plus one course beyond)

3.5 CREDITS
of social science

3 CREDITS
of lab-based science (one each of biology, chemistry, and physics)

2 CREDITS
of world or classic language, other than English, taken in a progressive manner
CONCURRENT ENROLLMENT

EARN COLLEGE CREDIT IN HIGH SCHOOL

Eligible high school students can take college courses during their junior and senior years and earn both high school and college credit. Concurrent enrollment classes are taught either at your high school or on a college campus and include: math, science, social studies, language arts, fine arts, humanities, world languages, and career/technical education classes. It’s best to enroll in courses that will count toward your college major’s general education requirements. If you’re interested in concurrent enrollment, visit your high school counselor to learn more.

REGENTS’ SCHOLARSHIP

TAKE THE RIGHT COURSES, START SAVING EARLY, AND REAP THE REWARDS

The course recommendations on page 2 meet the requirements for the Regents’ Scholarship, which encourages Utah high school students to prepare for college by taking the right courses and saving for college.

Funded by the State of Utah and administered by the Board of Regents, the Regents’ Scholarship may be used at any public college or university in the Utah System of Higher Education, as well as Brigham Young University – Provo, LDS Business College, and Westminster College. For more information, visit RegentsScholarship.org.

ONE SCHOLARSHIP, THREE AWARDS

You only apply to the Regents’ Scholarship once during your senior year in high school (priority deadline: December 11, 2015). Then, depending on your grades, ACT score, and college savings through the Utah Educational Savings Plan, it will be determined which award(s) you qualify for. If you qualify for all three awards, you could earn as much as $6,400 for college—so aim high and challenge yourself!
11TH GRADE:

☑ Talk to your school counselor. Let them know what colleges you’re thinking about applying to, and ask for their help and advice.
☑ You’ll be taking the ACT at school in the spring semester, so be sure to practice the test at least once all the way through beforehand. Use the free test prep resources at UtahFutures.org.
☑ Investigate the different ways to pay for college, including scholarships, grants, work-study, and loans. Learn about the FAFSA (Free Application for Federal Student Aid), how to complete it, and when it is due. Visit FAFSA.gov to learn more.
☑ If you are pursuing the Regents’ Scholarship, follow the course recommendations and check RegentsScholarship.org to make sure you’re still on track.

12TH GRADE:

FALL

☑ If you want to improve your ACT score, sign up to take the test again (August-December).
☑ Visit the colleges and universities that interest you.
☑ Complete college applications—pay attention to deadlines! Make sure that you request your transcripts early. Take advantage of your school’s Utah College Application Week, if it offers one!
☑ Once you’ve applied, check with your colleges about their financial aid application deadlines.
☑ Visit UtahFutures.org and use the Scholarship Search to research different scholarships you might qualify for.
☑ If you’re planning on applying for the Regents’ Scholarship, it’s best to apply before the priority deadline in December. The final deadline is February 1.
SPRING

☑ After January 1, you and your parents can complete the application for the FAFSA (Free Application for Federal Student Aid), available at FAFSA.gov. Check page 15 to see your college’s deadline or visit StepUpUtah.com for a schedule of FAFSA Completion Events near you.

☑ Submit final transcripts for admission applications, scholarships, etc.

☑ Visit any colleges you’ve been accepted to, and ask questions about housing and first year experience programs.

☑ Sign up for orientation at your college and start looking into housing.
CHOOSING A COLLEGE
Brigham Young University

Brigham Young University seeks to develop students of faith, intellect, and character who have the skills and the desire to continue learning and to serve others throughout their lives.

**Take a Tour**

We’ll arrange a personal tour for you—contact us one to two weeks in advance to schedule a visit at 801-422-4431.

**How to Apply**

Online: BeSmart.com  
Telephone: 801-422-2507  
Deadline: Priority = Dec. 1, Final= Feb. 1

“I chose to come to BYU because of the environment, and I knew that because of the Honor Code I would never be uncomfortable as a student.” – Kennedy

“BYU felt different than any other campus I had been on. I felt at home right away.” – Nathalie

Dixie State University

Dixie State University is an open enrollment institution with the lowest in-state and out-of-state tuition costs of any of Utah’s four-year institutions. DSU offers an affordable educational opportunity among the beautiful red rocks of Southern Utah.

**Take a Tour**

Tours are offered Monday through Friday, and Saturdays, by appointment. Call today 435-652-7590

**How to Apply**

Online: www.dixie.edu  
Telephone: 435-652-7590  
Deadline: Aug. 15

“One of the best things about Dixie is that my professors actually knew my name. I wasn’t just a number, or a face, or a statistic– I was Rylee, a pre-med major who I knew my teachers cared about. Where else can you find that kind of personalized attention!” – Rylee
LDS Business College

LDS Business College is about getting students into good jobs, good careers, and good professions — quickly. Eighty-five percent of LDSBC graduates are employed immediately following graduation (four semesters) at $35K and above.

Take a Tour

Campus tours are offered Monday through Friday, from 9:00 a.m. to 5:00 p.m. or by appointment.

Call 801-524-8159 or email tours@ldsbc.edu to schedule your personal tour.

How to Apply

Online: BeSmart.com
Telephone: 801-524-8145
Deadline: 10 days before class begins (for U.S. residents); March 1 for freshman scholarships.

“I wanted to get a good job and move out of my parents’ house ASAP. I chose LDS Business College because of its great environment, its size, and its focus to help me reach my goals quickly.” – Michael

“I believe that my years of study at SLCC have helped me achieve success in my academic and personal life.” – Mayra

Salt Lake Community College

As Utah’s most diverse institution of higher education, SLCC is an open access, comprehensive community college and one of the top 10 institutions in the country for associate degrees awarded. The College specializes in fully transferable general education courses and job training programs.

Take a Tour

We offer campus tours year round and are glad to schedule an individual campus visit to answer your questions. For more details, please call 801-957-4543.

How to Apply

Online: www.slcc.edu
Telephone: 801-957-4543
Deadline: August 15

“Taking classes here has allowed me to work hard and prove that I’m on the way to being the person I want to be.” – Andrew

Deadline: Open Admission

“I love the campus, scenery, the people, and the fact Snow College has this feeling on its campus that no other campus could offer me.” – Emily

Southern Utah University

Residential campus close to national parks with emphasis in project-based learning and leadership where students discover their purpose with over 150 majors and Division-I athletics. Graduates enjoy high rates of acceptance to grad schools and high career placement rates. From SUU to everywhere.

Take a Tour
Tours are offered Monday through Friday. Call today 435-586-7741 or visit www.suu.edu/visit.html

How to Apply
Online: www.suu.edu/apply
Telephone: 435-586-7740
Email: info@suu.edu
Deadline: Year-round

“I moved to SUU from out of state, and I came in only knowing a handful of people. But I wasn’t alone for long. The friends I have made, and many of my professors, have all become my family, and SUU feels like home. I don’t know of any other campus where that is possible.” – Tommy

“I so many other colleges seemed so big and so impersonal, when I changed my major from English literature to communications, it was so easy. I have had leadership opportunities and real life work experience as part of my class work. I love it here!” – Emily

“Professors at UVU really care about helping students succeed. They’re always available to talk and bring their real-world experience to class.” – Jessica

“At UVU I’m learning to use the same software that professionals in my field are using. I feel prepared and have the skills I need to get a job right after I graduate.” – Sam
WESTMINSTER

Westminster is a nationally recognized, private, comprehensive university dedicated to student learning. With the goal of enabling its graduates to live vibrant, just, and successful lives, Westminster provides transformational learning experiences for both undergraduate and graduate students in a truly student-centered environment.

“What separates Westminster from other schools is the people. I know that sounds cliché, but it’s true. Every professor places such a high level of importance on student learning and creating personal relationships with their students. And on a social level, the people I’ve met here over the last four years will be some of my best friends for the rest of my life.” – Sam

APPLYING TO COLLEGE

1. STEP
   SUBMIT YOUR APPLICATION

2. STEP
   SEND IN YOUR TRANSCRIPTS

3. STEP
   APPLY FOR FINANCIAL AID

4. STEP
   APPLY FOR SCHOLARSHIPS
FIND THE COLLEGE THAT’S RIGHT FOR YOU.

DO YOU WANT TO ATTEND A COMMUNITY COLLEGE OR A FOUR-YEAR UNIVERSITY? DO YOU HAVE AN IDEA OF WHAT YOU WANT TO STUDY? CHECK OUT THE MAJOR’S GUIDE AT UTAHMAJORS.ORG FOR SOME GUIDANCE ON WHAT PROGRAMS ARE OFFERED AT EACH COLLEGE. EVEN IF YOU DON’T KNOW WHAT MAJOR YOU’D LIKE TO PURSUE, YOU SHOULD STILL APPLY TO COLLEGE NOW.

“I looked at a lot of schools and SUU was the only one I found with a 24-7 college experience. You don’t commute to come to SUU, you live here, you learn here, and you play here.” – Alex, SUU

“I was drawn to Westminster’s small classes and emphasis on community. I truly appreciate the relationships I’ve built with my peers and my professors.” – Jacqueline, Westminster
It's no secret: College can be expensive. But with a multitude of funding options available in the form of scholarships, grants, and more — you CAN go to college.

**APPLY FOR FINANCIAL AID**

Submitting a Free Application for Federal Student Aid (FAFSA) is the single most important thing you can do to get help paying for college. Based on your FAFSA, you can qualify for grants, work-study, and student loans. Check with your high school counselor to find a FAFSA Completion event near you, and visit FAFSA.gov for more information.

**DIFFERENT WAYS TO PAY:**

1. **SCHOLARSHIPS**

Scholarships are a form of financial aid that do not need to be repaid and are usually awarded for academic merit as well as merit in service, leadership, talent, and more. There are hundreds available, so check with the college that interests you and visit the UtahFutures.org Scholarship Search. You’ll be glad you did.

   **REMEMBER:** Don’t forget about the Regents’ Scholarship mentioned on page 4! By taking the right classes and saving for college you could qualify for a $6,400 scholarship from the state of Utah.

2. **529 COLLEGE SAVINGS PLAN**

The Utah Educational Savings Plan (UESP) allows you to save money now to use for college later. Even $5 a month adds up! Visit uesp.org for more information.

3. **GRANTS**

Grants don’t have to be repaid, and are based on financial need (determined by the FAFSA). One of the most common grants is the Federal Pell Grant.

4. **WORK-STUDY**

Work-study allows eligible students to earn money through a part-time job. Work-study jobs are great because they are usually on campus, have flexible hours, and come with financial aid benefits. Eligibility is determined by the FAFSA.

5. **LOANS**

A loan is money you borrow and must pay back with interest, so be sure you understand your options and responsibilities.
FOUR WAYS TO GRADUATE IN FOUR YEARS
• Take 15 credits each semester. Many colleges in Utah offer tuition at the same rate for 12 credits as 15, so take just one more class each semester to save money and graduate on time.

• Meet with your advisor each semester, or at least once per year, to make sure you’re on track.

• Get involved in campus life. Each college in Utah boasts many clubs and campus organizations, giving you opportunities to meet other students with similar interests. Students who are involved in campus life are more likely to stay in college and graduate on time.

• Get help when you need it. Whether it’s tutoring, visiting the student health center, or accessing mental health services, each campus has student services that are available for you.

ACCUPLACER – The purpose of ACCUPLACER tests is to provide you with useful information about your academic skills in math, English, and reading. The results of the assessment, in conjunction with your academic background, goals, and interests, are used by academic advisors to determine your course selection. You cannot “pass” or “fail” the placement tests, but it is very important that you do your very best on these tests so that you will have an accurate measure of your academic skills.

ACT (American College Testing Program) – A four-part examination designed to measure a student’s scholastic development. The test covers English, mathematics, social studies, and natural sciences. Many colleges require students to take this test or the SAT and submit their test scores when they apply for admission. It is recommended that students take the ACT or the SAT during their junior year in high school and then again as a senior.

ACT Aspire (formerly called pre-ACT, ACT Plan, or ACT Explore) – An online testing system for students in grades 3-8, as well as early high school, which includes English, math, reading, science, and writing contents for all grades. The assessment is used to highlight progress towards ACT College Readiness Standards and Benchmarks and is aligned to what students are learning in school.

Admissions & Scholarship Index – Admissions and scholarship decisions can be based on an index of GPA and ACT scores at some of our institutions of higher education. The score may also be used for placement. For more information please contact the institution of your choice to determine if this is applicable.

Advanced Placement Program (AP) – A service of the College Board that provides high schools with course descriptions in college subjects and Advanced Placement Examinations in those subjects. High schools teach the courses and give the examinations to interested students. Those who pass the exams are eligible for advanced placement, college credit, or both.

Applied Technology College (ATC) – A college that prepares technically-skilled workers in specific occupations that generally do not require an associate or more advanced degree. ATC students can earn certificates that prepare them directly for employment in a few months to a little more than a year. Most ATC programs admit all who apply. High school students enroll tuition-free and receive high school credit while qualifying for technical skills.

Associate of Applied Science Degree (A.A.S.) – Two-year programs that provide broader knowledge in fields ranging from Biomanufacturing and Computer Information Systems to Dental Hygiene and Digital Media. The in-depth knowledge and skills acquired in an Associate of Applied Science (A.A.S.) degree prepare students for employment in a career track with advancement opportunities.

Associate Degree (A.A., A.S.) – Two-year programs that provide the academic foundation for transfer to a four-year bachelor’s degree program. Associate of Arts (A.A.) and Associate of Science (A.S.) programs cover the curriculum taught in the first two years of a four-year program of study.

Bachelor’s Degree/Baccalaureate (B.A., B.S.) – Four-year programs that provide in-depth, specialized knowledge in a major or field of study. Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) degrees prepare students for employment in fields from Accounting to Theatre, or for further studies at the graduate level.

Career Assessment Inventory (CAI) – An assessment test given to students to direct them toward occupations that may be of interest. In the Assessment Link component of UtahFutures.org, a list of occupations of interest can be generated from the student’s CAI scores.

Certificate – Generally one-year programs that lead directly to entry level employment in a specific occupation such as aviation pilot, diesel mechanic, or respiratory therapist.

Community College – A two-year college that serves the residents of a local or regional area. Most of these colleges admit all or most of the students who apply. Some programs, such as nursing, may be more selective. Students receive an associate degree after two years of successful full-time study. Additionally, many technical programs of study are taught at these colleges. Many students who enter general education programs (equivalent to the first two years of a bachelor’s degree program) transfer to a four-year college or university.

Concurrent Enrollment (CE) – The concurrent enrollment program makes college courses available to eligible high school students during their junior and senior years. Students earn both high school credit and regular college credit which is recorded on a college transcript.

Credit Hour – A unit used to measure the amount of school work a student has enrolled for or completed. In a credit hour system, each course is assigned a specific number of credit hours. This number is usually based on the number of classroom meetings per week. Thus a course that meets for one hour on Monday, Wednesday, and Friday is a three credit hour course.

Direct Subsidized Loan – A need-based loan available to undergraduate students. The federal government pays the interest on subsidized loans during the borrower’s in-school, grace, and deferment periods.

Direct Unsubsidized Loan – A loan available to undergraduate and graduate students. There is no financial need requirement. Interest on the loan begins accruing right when you receive it.

Doctorate Degree (PhD) – Provides further training in a more specialized area, in occupations similar to master’s or professional degrees.

Expected Family Contribution (EFC) – The amount a student and his or her family are expected to pay toward the cost of attendance. It is calculated from the financial information provided by the student and his or her family, including the student’s spouse, if applicable.

FERPA – The Family Educational Rights and Privacy Act is a federal privacy law that gives parents certain protections with regard to their children’s education records, such as report cards, transcripts, disciplinary records, contact and family information, and class schedules. Parents have the right to review their child’s education records and to request changes under limited circumstances. To protect a child’s privacy, the law generally requires schools to ask for written consent before disclosing their personally identifiable information to individuals other than the child.

When a student turns 18 years old or enters a postsecondary institution at any age, all rights afforded to the parents under FERPA transfer to the student (“eligible student”). However, FERPA provides ways in which a school may—but is not required to—share information from an eligible student’s education records with parents, without the student’s consent.

Financial Aid – Money awarded to students to help them pay for...
education. Aid is given as loans, grants, scholarships, or work-study. Some forms of financial aid are required to be repaid after graduation.

**Financial Need** — The difference between the cost of attendance and the student's expected family contribution.

**FAFSA** — The Free Application for Federal Student Aid is a free financial aid application used to determine eligibility for federal financial aid. Applications are accepted after January 1. Early application is strongly encouraged. Students should apply during their senior year and every year they are in college. Visit www.FAFSA.gov.

**Grant** — A form of financial aid that does not have to be repaid or earned by working. Grants are usually based on financial need; however, academic merit may also be considered.

**International Baccalaureate (IB)** — A program offered in some schools that provides academically challenging courses. IB Diploma students take courses in six subjects and complete a “core” that includes community service and an extended essay. High schools teach the courses, but the broad curriculum is provided by International Baccalaureate and students around the world take the same final exams. Courses can last one or two years, and a passing grade on the final exams or the attainment of an IB diploma can make a student eligible for college credit, advanced placement in college classes, or other benefits.

**Higher Education (also called postsecondary education)** — A term that refers to colleges, universities, and any education beyond high school that leads to a certificate or a college degree.

**Loan** — A loan is money you borrow and must pay back with interest, so be sure you understand your options and responsibilities.

**Master's or Professional Degree** — Programs offered at a post graduate level, usually after earning a bachelor’s degree or relevant work experience. Master's degrees prepare students for occupations that include education, engineering, or business.

**Merit-based Aid** — Financial aid that is dependent on academic, artistic, or athletic merit. This type of aid does not require demonstration of financial need.

**Need-based Aid** — Financial aid that is dependent on demonstration of financial need. Most sources of financial aid that are provided by the government are need-based.

**New Century Scholarship** — The New Century Scholarship encourages students to accelerate their education by earning an associate degree in high school from an institution within the Utah System of Higher Education. The scholarship may be used at a four-year public college or university within the Utah System of Higher Education, as well as at Brigham Young University-Provo, and Westminster College. For detailed information, please visit newcenturyscholarship.org.

**Open Admissions** — The college admissions policy of admitting virtually all applicants with high school diplomas or their equivalent. Conventional academic qualifications, such as high school subjects taken, high school grades, and admissions test scores are not used to limit enrollment, but can affect placement in courses.

**Pell Grant** — Money awarded directly to students by the federal government. Only undergraduate students may receive federal Pell Grants. To apply for a Federal Pell Grant and other federal financial aid, fill out the Free Application for Federal Student Aid (FAFSA) at www.FAFSA.gov.

**PSAT** — The Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) is a program cosponsored by the College Board and National Merit Scholarship Corporation (NMSC). It's a standardized test that provides first-hand practice for the SAT. It also gives you a chance to enter NMSC scholarship programs and gain access to college and career planning tools.

**Regents' Scholarship** — The Regents’ Scholarship encourages Utah high school students to prepare for college academically and financially by taking a core course of study and saving for college. The scholarship may be used at any public college or university in the Utah System of Higher Education, as well as at Brigham Young University-Provo, LDS Business College, and Westminster College. For detailed information, please visit regentsscholarship.org.

**Rolling Admissions** — An admissions procedure by which the college evaluates applicants on a first-come, first-served basis. Applicants are screened as soon as they submit all application materials. The college may consider applications on a weekly or monthly schedule. Applicants receive a notice of the decision a short time after application.

**Scholarship** — A form of financial aid that does not have to be repaid or earned through employment. Scholarships usually refer to awards based on academic merit; however, scholarships are also awarded for performing community service, leadership, talent, etc. Financial need may also be required. The UtahFutures.org Scholarship Search component includes descriptions of many hundreds of financial assistance sources.

**SAT (Scholastic Aptitude Test)** — The SAT is a globally recognized college admission test that lets you show colleges what you know and how well you can apply that knowledge. It tests your knowledge of reading, writing and math; subjects that are taught every day in high school classrooms. Most students take the SAT during their junior or senior year of high school. Colleges and universities require students to take this test or the ACT prior to applying for admission.

**Semester** — An academic calendar period of about 16-18 weeks that makes up half of the usual academic year for schools that use this calendar system.

**College and Career Plan (SEOP)** — Individual student planning consists of school counselors coordinating ongoing systemic activities designed to help individual students establish personal goals and develop future plans. School counselors coordinate activities that help all students plan, monitor and manage their own learning as well as meet competencies in the areas of academic/learning development, life career development, multicultural/global citizen development and personal/social development.

**Transcript** — An official copy of a student's educational record.

**Tuition** — The charge for attending a college or university class.

**University** — An institution of higher learning that offers both undergraduate (associate and bachelor’s) and graduate (master’s and doctoral) programs. Universities vary considerably in programs offered and in size. Compared to colleges, universities are usually larger, offer more courses and majors, and have more research facilities. Universities may be divided into a number of “colleges,” such as the College of Education or the College of Business. Each college has several departments, and each department may offer more than one major.

**Utah Educational Savings Plan (UESP)** — Utah's top-ranked, tax-advantaged 529 savings plan to help you save for the future cost of college. Opening accounts is free and there are no minimum or ongoing contribution requirements. Save according to your own schedule and budget.

**UtahFutures.org** — A one-stop shop for people to explore and organize training, education, and career information.

**Work-Study** — A federally funded part-time employment program for undergraduate and graduate students. Eligibility is based on financial need. The earnings help students meet a portion of their educational expenses. The federal government subsidizes a portion of the student's salary. This makes it cheaper for employers to hire students who have demonstrated financial need.
PARENTS:
HELP YOUR CHILD PREPARE FOR COLLEGE.

BE EMPOWERED
IT'S UP TO YOU TO SUPPORT THEIR JOURNEY.
A college education starts with you — and it starts early. As a parent or guardian, what you say and do affects your child’s future career choices just as much as what your child learns in school. Use the resources in this guide and on StepUpUtah.com to start discussions, encourage exploration, and do whatever you can to make sure your child knows they have options when they grow up.

START NOW
HAVE THE TALK.
It’s never too early to start preparing for college and encouraging your child to dream about what they’d like to be when they grow up. The sooner they begin thinking about their future, the better prepared they’ll be, and the better they’ll perform in school. No matter the age or timeframe, make college a part of your daily conversation as soon as possible.

LOOK LOCALLY
BEGIN YOUR COLLEGE SEARCH IN UTAH.
When it’s time to help your child choose a college, begin your search locally. There are many colleges and universities right here in Utah, and attending college in-state is generally more affordable than attending out of state. If you’d like to learn more, call the college and arrange a campus tour. A great time to do this is on summer vacation or break, or when you’ll be in the area on a family trip.

PAY FOR COLLEGE
HOW ARE YOU PREPARING TO PAY FOR COLLEGE?
College can be affordable. And there are several ways for you and your child to work together to make college a reality. Encourage them to start saving on their own — combine this with your own savings and place the funds in a 529 College Savings Plan (learn more at uesp.org). Help your child complete the FAFSA, and learn about grants, scholarships and loans.
